

HULL OUTFITTINGS · BATHROOM EQUIPMENT

Bathroom Equipment 4

ENGLISH

Sanitary fixtures fitted out for shipboard accommodation, built to marine standards for weight, corrosion and motion.

A vessel's plumbing runs on its own fresh and grey water systems rather than a municipal supply, so bathroom fixtures are selected against the pressure and flow the vessel's own pumps can actually deliver. Fittings replaced during a refit or drydocking are matched to the existing pipe runs and connection sizes already built into the accommodation, which is why compatibility is confirmed against the vessel's own drawings before an order is placed rather than assumed from a standard fixture size. Hot water typically comes from a dedicated calorifier fed by engine waste heat or an electric element, rather than a continuous supply, so fixture selection also accounts for that more limited hot water capacity.

BAHASA INDONESIA

Perlengkapan sanitasi untuk akomodasi kapal, dibuat sesuai standar marine untuk bobot, korosi, dan gerakan kapal.

Perpipaan kapal berjalan di atas sistem air tawar dan air abu-abunya sendiri, bukan pasokan kota, sehingga fixture kamar mandi dipilih sesuai tekanan dan aliran yang benar-benar bisa disalurkan pompa kapal itu sendiri. Fitting yang diganti saat refit atau naik dok disesuaikan dengan jalur pipa dan ukuran sambungan yang sudah ada di akomodasi, itulah sebabnya kompatibilitas dikonfirmasi terhadap gambar kapal sendiri sebelum pesanan dibuat. Air panas biasanya berasal dari calorifier khusus yang dipanaskan oleh panas buang mesin atau elemen listrik, bukan pasokan kontinu, sehingga pemilihan fixture juga memperhitungkan kapasitas air panas yang lebih terbatas tersebut.

简体中文

用于船上居住区的卫生洁具，在重量、耐腐蚀性和摇摆方面符合船用标准。

船舶的给排水依靠自身的淡水和灰水系统，而不是市政供水，因此卫浴洁具要根据船上水泵实际能提供的压力和流量来选择。在改装或进坞期间更换的配件，需要与居住区已有的管路走向和接口尺寸相匹配，因此在下单前要对照船舶自身的图纸确认兼容性，而不是按标准洁具尺寸推定。热水通常来自主机余热或电加热元件加热的专用热水柜，而不是持续供应，因此洁具选型还要考虑这一较有限的水容量。

SPECIFICATIONS · SPESIFIKASI

规格参数

Full specifications, material grades and dimensions are confirmed per enquiry. Tell us the vessel and the duty and we will send the figures for the exact model.

Spesifikasi lengkap, grade material, dan dimensi dikonfirmasi per permintaan. Sebutkan kapal dan dutinya, kami kirimkan angka untuk model yang tepat.

完整规格、材料等级和尺寸将根据每次询价确认。请告诉我们船舶及工况，我们会提供准确型号的数据。
